Family of resident

"Our family doctor recommended the Meadows. From day one mum was, and still is, treated with the upmost compassion, kindness, care and thoughtfulness. At the Meadows staff work above and beyond their duties, the residents always come first."

At the Meadows in Alfreton we understand how important it is to offer a consistently high level of care.

Whether welcoming newcomers to our home, or taking care of residents who are already part of our family, we have their quality of life, contentment and physical comfort at heart.

The Meadows is a purpose built care home surrounded by its own landscaped gardens. An inviting patio is much used by our residents, particularly on a warm and sunny day. All of this, together with the town's nearby shops and amenities, combine to offer a homely environment within an established community.

The home is specially designed to create a community feel. We continually look to enhance the environment to promote greater independence for residents. Our most recent addition includes a domestic kitchen where residents can get involved in baking and cooking for pleasure and occupational therapy.

Our home-cooked meals cater for all dietary and cultural needs, and snacks and hot and cold drinks are available 24 hours a day. And, just as you would expect at home, family and friends are welcome to join their relative for meals.

On the social front, our activities coordinator organises entertainment and in-house activities to suit all tastes. These include baking and craft sessions, flower-arranging and much more.

Other services at the Meadows include:

- A hairdresser who visits once a week
- A monthly church service
- Delivery by arrangement of daily newspapers.

Above all, our highly experienced nurses and carers are devoted to making our residents feel both nurtured and at home, no matter how short or long their stay with us.

For more information, or if you would like to visit our home, please get in touch.

Facilities at a glance

The Meadows

Some recent testimonials received at The Meadows:

"It is not just mum who has been treated so well, we also have received nothing but the best of kindness, caring, and great support, being able to talk to any member of staff at anytime. We are always kept informed of anything we need to know. We are always made so welcome on each of our visits, and we really feel very much part of the home."

(Family of resident, February 2011)

"The residents enjoy great vocal entertainment regularly, as well as day trips, always being encouraged to join in the game, painting, flower arranging, plus much more. Julie, the hairdresser, is on hand every week to work her magic, and keep all the ladies and gents looking their best."

(Family of resident February 2011)

"My brother and I would strongly recommend the Meadows to any one facing the same decision we had to make. It was by far the hardest decision we ever made, but it has honestly been the best decision we ever made".

(Family of resident, February 2011)

"The staff at the Meadows are outstanding, caring, loving and amazing people. I thank you on behalf of myself and all of my family for taking such wonderful care of my Mum."

(Family of resident, November 2010)

"Where do I start, to thank you special people (and you are special). The job you have chosen, to care and love other people's mothers and fathers with such passion when you must have felt, at times, very tired and stressed a smile is still there for them all. Now to my own mum, if she could have hugged you and told you herself how grateful she was for the dedication and love shown to her it would have been with a lovely smile and a big THANK YOU."

(Family of resident, July 2011)

"Words are not enough to thank you all for the love and care you gave to mum and the support you gave to us, the family."

(Family of resident, 2011)
